Mom Find: How's It (Your Favorite Bag) Hanging?

Category: [Mommy Must Haves Mom Fashion Bags Solutions](#)

What: [The Purse Hook](#)

Why: A stocked diaper bag or, for some of us, an everyday handbag isn't exactly the most dainty thing in the world. It can be bulky and awkward, and when space is tight, it's a pain to find a place for it. More than once I've kicked a bag under a table and had to crawl under to retrieve it. And for us with mommy brain, if it's out of sight, it's out of mind. Stash the bag out of sight, and you forget it when you leave.

The [Purse Hook](#) solves that problem by keeping your diaper bag or anything else you're carrying, off the bacteria-laden floor or the dinner table, and right by your side so you can get what you need, from a wet wipe to a business card, in a flash. They come in colors like Pink Geisha, Blue Lagoon and Little Black Dress, some have crystals and others have the look of fused glass. All come in an easy to pack and pretty pouch.

While the Purse Hook holds up to 35 pounds, I also like it for the smaller things like umbrellas and sweaters.

Price: \$21.95 - \$39.95
